The Montana Beef Council was created in 1954 by cattlemen as a marketing organization for the Montana beef industry and to support national beef marketing. Agriculture is Montana's largest industry and the livestock sector is a large segment of the agriculture industry. Cattle production makes up the biggest portion of the livestock sector. Specifically, MBC seeks to identify opportunities and implement programs, which enhance the attributes of beef, and the beef industry as viewed by the consumer in an effort to strengthen the cattle industry across the state of Montana.

A 12-member board of directors guides MBC. In FY2022, the Council will consist of the following representing organizations: Montana Stockgrowers Association (two), Montana Angus Association, Montana Cattlemen's Association, Montana CattleWomen, Cattle Feeders, Meat Packer/Processor, Montana Farm Bureau Federation, Montana Farmers Union, Retailer, Dairymen and Montana Livestock Auction Markets.

This marketing plan was created to define the objectives of MBC and outline its plan of work for the coming year. The plan serves as a roadmap, which will best utilize available dollars and limited staff to accomplish MBC's mission. The basic mission in Fiscal Year 2023 is to increase consumer demand for beef, to generate positive attitudes about the beef industry and to keep the producers that pay the Checkoff informed about their investment.

MBC income is generated from Montana's 50 cent in-state portion of the \$1 per head Checkoff collected on the sale of all Montana bovine animals. It is mandatory that fifty cents of the Beef Promotion and Research Order \$1 collected be sent to the Cattlemen's Beef Board. At the discretion of the Montana Beef Council a percent of the money collected that could remain in-state will be sent to the Federation of State Beef Councils in support of national consumer marketing efforts and the U.S. Meat Export Federation to support U.S. beef marketing efforts around the world.

MBC is entitled to representatives who serve as directors on the Federation and who, along with the Executive Director, serve on Federation committees to help shape the national programs. MBC is also entitled to representation with the U.S. Meat Export Federation to provide input on their international beef marketing plans.

MBC is one of 44 state beef councils organized to collect the national beef Checkoff initiated on October 1, 1986. An investor referendum was held on May 10, 1988 to determine the future of this program. Secretary of Agriculture Lyng announced the positive passing of the referendum on May 27, 1988 by a 79% majority. Montana cattlemen approved the continuation of the program with a 75.4% positive vote.

This Marketing Plan begins with an overall mission statement. It is a statement outlining the ultimate and central goal to be achieved through planning. In this way, the mission statement becomes the focus of industry activity.

The plan is divided into multiple program areas: collections and compliance, consumer information, domestic marketing, foreign marketing, industry information, producer communication, promotion and research. Each program area is tied to our overall strategic plan and includes the project details and estimated expenses. Partnerships with Montana Beef Council require evaluation to monitor the programs.

All the programs funded with checkoff dollars in Montana must meet the criteria set forth in the Beef Promotion and Research Act and Order. The Montana Beef Council Fiscal Year 2023 Marketing Plan was approved by the Board of Directors in September 2022.
